Carry-on weight budget

Check your packed bag against the actual airline weight limit.

Three steps

1. Check airline and fare rules
2. Weigh the whole packed bag
3. Remove optional items if needed

A worked example

Item group	Clothes
Weight	3 kg
Total bag weight	7 kg
Limit	8 kg
Remaining	1 kg

A 7 kg packed bag is 1 kg below an 8 kg limit.

Airline allowances and prohibited items vary.

Carry-on weight budget

Use one row per item or decision. Start with what you know.

Item group	Weight	Total bag weight	Limit	Remaining
