Closet space planning worksheet

Check dimensions before buying organizers.

Three steps

1. Measure usable space
2. Check obstructions
3. Compare actual organizer dimensions

A worked example

Space	Shelf A
Width	60 cm
Depth	35 cm
Height	28 cm
Item to fit	Basket

A basket must fit all three dimensions.

Leave clearance and avoid overloading.

Closet space planning worksheet

Use one row per item or decision. Start with what you know.

Space	Width	Depth	Height	Item to fit
