Eating out versus cooking comparison

Compare the total costs and practical effort for a meal.

Three steps

1. List both realistic options
2. Include delivery or transport
3. Consider time and budget

A worked example

Option	Takeout
Food cost	22
Fees	5
Time	10 min
Total cash	27

Takeout costs 27 including fees.

Choose based on your circumstances.

Eating out versus cooking comparison

Use one row per item or decision. Start with what you know.

Option	Food cost	Fees	Time	Total cash
