Family household meeting notes

Turn a family discussion into shared decisions.

Three steps

1. Choose a few topics
2. Agree realistic actions
3. Review at the next meeting

A worked example

Topic	Meals
Decision	Choose three dinners
Owner	Shared
Review date	Sunday

One clear decision can be checked next week.

Give everyone age-appropriate input.

Family household meeting notes

Use one row per item or decision. Start with what you know.
