Pet sitter one-page handover

Leave the sitter a clear schedule and emergency plan.

Three steps

1. Confirm routines with the sitter
2. Write vet and emergency contact locations
3. Explain what is normal and what requires contact

A worked example

Time	Morning
Routine	Feeding
Amount or instruction	Owner's measured portion
Contact if unclear	Owner

The sitter follows the owner's agreed feeding plan rather than guessing.

Do not change medication or feeding instructions without the owner and vet.

Pet sitter one-page handover

Use one row per item or decision. Start with what you know.

Time	Routine	Amount or instruction	Contact if unclear
