What will this trip actually cost?

Include transport, accommodation and unavoidable extras before committing.

Three steps

1. List confirmed prices and estimates separately
2. Add travel and local transport
3. Subtract paid deposits to see remaining cost

A worked example

Cost category	Hotel
Confirmed cost	240
Estimate	0
Paid already	80

Total trip cost includes the full 240, even though only 80 has been paid.

Check cancellation terms and exchange-rate fees before booking.

What will this trip actually cost?

Use one row per item or decision. Start with what you know.

Cost category	Confirmed cost	Estimate	Paid already
